Akaay Sankhita ①

Akaay is Kayahim. Formless
Arup chetana. Powerful gods
& goddesses. Brahmada after '04'
There is a guru concept called
upaguru. When someone has a
decent guru but not a
self-realised guru then he
can take the grace of the guru
of his soulmate if he is a
liberated soul who has a
self-realised guru. This
pull energy can lift the other
soul easily. This is called
'Upaguru'. Dattatreya had 24
gurus total. A souls "close
Karmic soul" means when
2 oversouls are created at the
same time. Those are called
close Karmics. Eggs boiled in
the same pot. They are
different but time is same.
Various gods created them
at same time. To some extent
they are similar. Shakti, Kal,
patra maybe same. Patra may
be similar gods like two Kalis.

③ Samababa has ascended to Tapaloka. P. Muhammad has ascended to Tapaloka +

When a soul realises it's self it reaches Brahmapura (column of light - Allah, Godhead etc.) where there is a small lotus inside it and there is a space which is small and called antarakash in it. This is the swarupa of all of us. The whole cosmos comes out from this small lotus. The pure the soul is (spiritual energy intact) the amount of more time it can spend there.

The ^{more} amount of experiences it gets during self realisation. Peace comes quickly. But it is very less if it is measured in minutes.

The souls who can stay there for long are Buddhas. Others are Taras. White, Green, Blue, Yellow. The amount of spiritual energy you spend in material world the less time you spend

④ inside Supreme Brahman ^{during moksha}
This is for sure while god
realisation. When a person
achieves salvation, Godhead
wants to grab the chetana in-
to Eternal Bliss but it is
guru's shakti which takes it
back. That too to work for
the universe. To help us.

There are some souls which
merge into brahman forever.
They merge into Supreme
consciousness and never
come back to the world of
ignorance nor they take
birth to help us as any
form anytime. Maharshi's
Ashram cow Lakshmi (Mata
Surabhi) has been absorbed
into Supreme Brahman forever.
In Kaliyuga Buddhas are
less, Tatars are more.

Buddha or Pure beings are less.
Tara or pure beings are more.
After realisation the body we
see here is ego body. The
Kundalini goes to causal
plane and forms a divine
body, causal body which is

⑥ egoless body. The egoless ^{over} body controls the ego body to fulfill desires of healing people or whatever. It is run by the energy of the nearest soulmate or twin flame. So those who keep body are brave since they then work with a hired ego, as they themselves have no more mind left to work in these ego planes. In causal plane also they do have very less ego with which they retain their causal body.

Ram Krishna Dev, Maharshi all has said this ^{causal} That too to run this 'ego body' to help us.
 (Karan shakti)

The oversouls who are not into strict moral conduct feels all is brahman so they just live their lives like aghoris eat boxes of flesh, blood etc. They marry sisters & brothers and souls of them in recurring incarnations.

Also mom can marry a son in next janam. But pious oversouls call them demonic. Pious oversouls maintain a code

⑥ of conduct of sisters & brothers remain like that of never goes into romantic relationship of moms are once mom then always mom. The punishment Narasimha dev gave to Hiranyakashipu is repeated on a regular basis in the universe. So other incidences are repeated until & unless ceased by realised saints they are the manifestors of the original creator of the cosmos and they can change the cosmos. Several Nrisimhadets are punishing Hiranyakashipus daily to maintain the balance of the cosmos.

The souls composed of Mahavidya, Kali, Shiva god post energy can tolerate dark force attacks. Else they would have shattered into pieces if they were attacked by tantrics on a daily basis.

11 The western world follows Karma yoga path. They are empathetic, compassionate, open & everybody gets chance here. Freedom of speech & choice is given. Only thing is they should stop incest. Then it will be a perfect society. Slowly they will move towards god through ascension in the astral plane. Good work leads to ascension. Karma done with sincerity & less ego slowly leads to perfection. Karma yoga is not Karmakanda. But action done with ethics, moral & integrity is one way of reaching god.
'Jigyake - Shub puja'

Slowly Supreme deity becomes happy & will lead you towards a real guru who will tell you the truth & take you towards nirvana. †

Brahmadev (Jama avatar)
aka Attalassa Narasimhan
Rudravatas Samkhya and
Rudravatas Prabhu will now
help Vireng to ascend to his
post of 'Gupta Raja' as he has
wished for. This is a mystical
post of powerful yogis of
trunks. He will be there for
10 years then ascend to Satyaloka
Pahlaris will be saved, healed &
protected. Specially their mom.
She is blessed & healed from
all evil & evil eyes. They will
rule for 2500+ years.

All Enin flames are not same.
It depends on the time it
has been created. Like Diti &
Danu's children are daitya
& danav. The time was not
right so they are not gods.
So the time of division of
the soul is important. It
depends on the Mahavats
times, deity etc.

(13) Not all Bhairavs can divide
souls in same manner of ease.
Asta Bhairavs are experts.
Others are also good but it
depends on the yoga sitting
there. How Mahir is he in
this domain. Bhairavs are into
all these cutting & tying &
destroying (cosmic dust) of
souls.

This information is given to
me by Mrs. Diba from Paris.
(Shubahuwari Maa) +

Rudras will take care of Diba
& her family's Reputation
from now on.

King & Ahota Prina are
ascended to Rudras. They will
survive the deal and still
perform good Karma +

Not all beings can travel to all
lokas. The vibrations ^{here} can create
holes in their astral bodies.
Their bodies can leak energies.
So specific lokas are meant
for specific beings. Even Gods.

(14)

Only Realised Saints
Rishis from mental plane
can traverse through
whole cosmos. Others have
limitations.

Spiritually weak souls need
support from their ancestors
to sustain their spirit
beings in the astral. This is
very common in Kali yuga.

This happens due to
increase in sins.

Eventually these souls are
completely destroyed into
cosmic debris.

One of my brothers is a Brahmin.
He is Hanuman Avatar. He will go
to Attahassa Narasimha.

Then he will go to Kalkula
to Prachanda Kali Post.

After that has a desire to
ascend to a Rishi's post
in Vishnu or other Loka.

Then direct to Tapaloka.
Then nirvana.

He has few desires.

Gods who sits in Rishi's post
continuously, slowly becomes Sages
here in earth plane.

(16)

Mental plane Yogis are also Lotus.
Sahasrakra are Blue Lotus.
Tapaloka are Golden Lotus.
Supreme being is small Lotus. Never look bright so engulfed with dazzling white aura of peace & love. The whole cosmos comes out of it.
Sahasrakra are white Lotus. Shiny bright.
When they are in normal situation they relax & sit. When there is catastrophe they join hands (energetically) with each other and the cosmos is out of the dangerous situation.

This way they share pure yogic energy and save the cosmos from negative influences. †

(17)

The gods are Supreme beings. It actually is very tiny Lotus. Light coming on.

supreme being is formless

The heavens are full of gods.

abstric form. Some has
wings (Garuda - Vishnu vahana)
etc. But most of them are
formless. Lovely forms can be
seen in semi divine lokas
like Gandharva, Kinnar,
Apsara or Yaksha etc.

Ego leads to form. Gods
have less ego. So less
attachment to a 'FORM'.
They are into yogic purity.

Formless actually mean it
can take any form it
wish also rather than having
no form. (Form). +

16 Supreme Lord is Lotus form.
Hence Lotus is very sacred
in Hinduism of Buddhism.
Lotus Sutra is also related
somewhat with this 'Lotus'
form or peace.

① Hamsa deva will born in India. He will pass a post graduate degree in electronics & his father will be a victorious Congress politician. He will join politics and help the mass as a leader. He will be a macho leader. He will live for almost 100 years. He will go to Himalayas for sadhana after 42 years of age. Join politics in very tender age. He will be a solid defence minister. One of it's kind. He will take birth within 25 years. +
② When twin flames are divided the 1st part becomes more powerful & divine. This is the thumb of rule, like chicken curry cooked & consuming right then & storing it in fridge & eating. The 1st part is fresh & holy and organic. Carries the attributes of true soul. The second part is less active.

(20)

It is the residue part of the soul. It is not bad but is less powerful than the first half.

⊙ These will be yogis now in the cosmos who will just direct the fierce souls. They will take the fierce souls as devotees. These yogis will be termed as -

"Agnimontho"

This means churning the woods to create fire for sacred fire rituals. (Ancient times)

It is a tree also. Its wood pieces are used to lit the fire of 'Yagna' (Yajna).

So these yogis will be fine brand yogis who will guide the fierce souls towards the path of moksha.

Those will be a god Tantra user who will restrict evil tantra.

If someone does it then he will restrict it. He will destroy the evil tantras by destroying their astral bodies.

There will be a star called 'Tantra Tara'. It will focus on the lives of person inclined to tantra & eventually destroy them if they are eager to destroy somebody else.

Anirban & his twin flame will ascend to the post of Gayatri & Savitri the twin gods of Devi Saraswati avatars. She is the god of wisdom.

When cosmic dust happens
to a soul it converts itself
into an asteroid or other.
When touches earth it burns
cause it has negative emotions
attached to it. It is not
always the case but most of
the time it can be seen
cause sinners are forced
into cosmic dust. It starts
floating & rotating in the
cosmos.

The Rudras should be worshipped
for protection. They can
protect the earth. Their
temples will increase.

On Tuesday they will be
worshipped.

specific according to their
