Shay will ascend to Antariksha Saraswati. She is a form of Maa Saraswati in which she is spread in the universe. There are 7 forms of Saraswati.

Maharshi has not given me any curse of Krishna. Actually Realised gurus don't give more Karma to us. They takes us through the shortest route towards god realisation. Self realisation does not needs yogic powers. It is ego's needs.

It is fine if you need some yogic powers but it is not necessary. If it is not there it is easier for moksha. Showing siddhis is ego. Self realisation is going out from ego. It was a plan of Zaggi to introduce it into my soul contact but it never happened as we were in

There is a punishment in the astral called vapourisation. In that stuff the souls are roasted into vapors. They lose their all identity. They are like white vapors and like a plastic bag on head, stuck for trillions of years of no death coming in the doorsteps. Similar thing. In this thing the soul gets stuck for incarnations if they can't even recognise anyone unlike spark soul punishment. They are done by Bhairavs & through yogic methods. When a soul is turned into astral dust it pulls the soulmates towards them where they floats in cosmos of negativity. So others tend to sin more. Like Self realised saints pull soulmates towards Brahman. Similarly this cosmic dustwala does the same & takes them towards negative traits. So they are thrown towards the spiritual debris. The cosmic West paper basket where they lie for eternity.
