“As the lotus does not touch the water
so do not let the world enter your heart..
Being busy in the world is no trouble,
unless you are troubled being busy,
then the only trouble is the trouble..

Ocean does not complain about the dance of
ten million waves!so don't be concerned with
the rise and fall of thoughts..

Keeping an old troublesome habit
is like keeping poisonous snakes in your
arms.Now is the time to hold this snake and
throw it out..

Bad moods are either past or imaginary
future,
in the Present there are no moods at all..
Moods belong to the circumstance, to the
past;face the Sun and there will be no shadow
of the moods..

The world is like a tail of dog, it's nature is to
curl.
The best you can do is stay Quiet
and not let anything bother you..
Visitors will come and go, don't interfere with
these waves..
Just be silent..”
