The self realised saints are termed in Hindu tradition as reached a state of **PARAM JYOTHI** .

The divine light of maximum capacity.

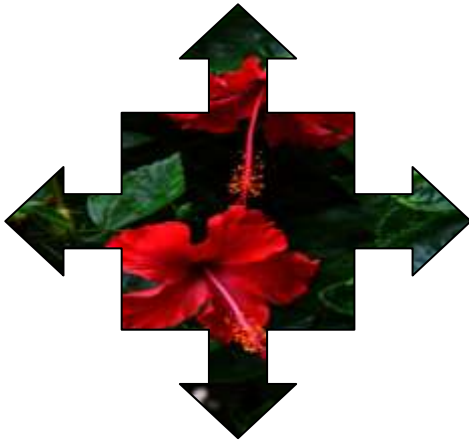

Kazi Nazrul Islam's offspring will create an ashram probably in Purulia with a name like Polash Thoi Thoi or sort of Polash in it and it will survive several thousands of years like **NALANDA** .

It will be an organic and holy place as well as modern learning facility where foreign investment will be made with Indian heritage kept in mind and women empowerment in right way .

Women will be trained in martial art, Bratachari , all sorts of skilled techniques to make them independent and show the world where actually there

power is ! They are not puppets or sex dolls . They are the real shakti and the real pillars of the society as Indian cultures preaches and teaches .

Laxman Swami and Saradamma and British Spy David Godman planted by Zionist regime in Ramana Maharshi ashram will be brutally killed immediately and they are constantly attacking me spiritually and sending me demons and attacking me with ferocious demons from low vibrational planes to harm me .
