Anti abortion if done regularly then children curse their mother's womb and in the next life the mothers become barren .In the western world they enjoy ruthless sex like one night stand and foursome etc. and throw the child in the orphan house where they suffer . My hubby will be KUMBHAKARNA a pious soul .Self Realisation is not a pharmaceutical pill which

someone will buy from super market and digest but rather one will have to go through rigorous healing process and adjust the karmic debt and then get rid of the attributes which clog our pure consciousness from being getting cleaned.

Get rid of stubborn beliefs and negative traits and all **chorai and uthrai** will become flat after getting demolished by a powerful spiritual energy .

There are 4 kind of Proloys .One ego proloy, self realisation . Destruction of ego . Merge into god.Second is

proloy and destruction of cosmos totally called Mahaproloy . Third is dissolution of lower dimensions and called Proloy only .The last one is nitya proloy and is the death of the body . Rebirth. Restore our negative feelings and move on . Any restoration of negativity into bliss is Proloy . The self realisation Proloy or Atyantika Proloy can remove all others because the atman goes beyond all other proloys when they achieve that state of consciousness . Since there are no samsara so other proloys don't manifest in their lives. Proloy happens when the universe actually press the refresh button . **In bengali it is called Drobivutikaran or Punorshoson.It means end of happiness.**
